College of Medical Laboratory Technologists of Ontario

CYTOLOGY REFRESHER COURSE LIST

Courses on this list are approved for Registrants and Applicants who are eligible to practice in Cytology. Please note that approved Histology refresher courses can be found on the Medical Laboratory Science Refresher Course List.

Courses on this list are also approved for Applicants who have not been actively engaged in medical laboratory technology. One may complete course(s) relevant to specialty/specialties in which registration is being sought. Please note that this list is a summary of course information. Registrants and Applicants should contact the institution offering the course(s) for the most up-to-date detailed information/registration protocols and costs. All refresher/updating courses must have an evaluation component, and the transcript **MUST** state the number of hours in the course. Fees are approximate as of October 2026.

Other courses that are not listed must be submitted to the CMLTO Registration Committee for consideration for approval prior to enrollment (the course must have an evaluation component and be related to medical laboratory science). For more information, please contact the CMLTO Registration Department by e-mail at registration@cmlto.com.

Distance Education courses identified by 💻 1 PEP hr = 1 refresher course hr 1 CEU hr = 10 refresher course hrs

Institution	Outline	Prerequisites/More Info	Duration
