of Ontario

## CYTOLOGY REFRESHER COURSE LIST

Courses on this list are approved for registrants and applicants who are eligible to practice in cytology.

**Please note:** This list is a summary of course information. Registrants or applicants should contact the institution offering the course for the most up-to-date detailed information/registration protocols and fees. Other courses will be considered for approval by the Registration Committee when a request and the course outline are submitted to the CMLTO. All refresher/updating courses must have an evaluation component and the transcript **MUST** state the number of hours in the course.

The required number of refresher course hours depends on the number of years a registrant or applicant has been away from the medical laboratory technology profession. To meet the required total hours of courses, one may refer to the MEDICAL LABORATORY SCIENCE REFRESHER COURSE LIST for additional courses that are applicable to one's practice. For more information, please contact the CMLTO Registration Department by email at [registration@cmlto.com](mailto:registration@cmlto.com) or telephone 1-800-323-9672 ext 1.

Distance Education courses identified by  1 PEP hr = 1 refresher course hr 1 CEU hr = 10 refresher course hrs

Institution	Outline	Prerequisites/More Info	Duration
